

What to do if there is a problem with the battery panel

How do I fix a laptop battery problem?

Once you find the battery, right-click it and choose Uninstall device. Then, reboot your computer to have Windows reinstall it. Reset BIOS and then start up your laptop as usual. If the battery issue is caused by faulty BIOS settings, returning them to their defaults should fix it.

How do I Fix my laptop battery not charging?

To troubleshoot and diagnose the battery not charging problem on your laptop follow the below steps in order: Check Power Supply connections & Battery. Check Power Cable & Battery Connection. Disconnect External Devices. Diagnose Battery Health. Run Windows Battery Troubleshooter. Uninstall & Reinstall Battery Device Driver. Update Chipset Drivers.

How do I fix a laptop battery not detected error?

Most modern batteries have automatic shutoffs when they're completely charged. Restart your laptop. This should be one of the first things you try when encountering almost any problem with your laptop (or any device, really), as restarting can fix a lot of issues such as a battery not detected error. Cool down your laptop.

How do I know if my laptop battery is bad?

Check the battery's device status in Device Manager. This isn't really a fix, but more of a check to see if Windows has identified a problem with the battery. To do this, expand the Batteries category, then right-click your laptop's battery (e.g., Microsoft AC Adapter) and select Properties.

How do I fix a laptop not working without a battery?

Start up your laptop without a battery. Shut down the computer, remove the battery, and plug the computer in. If the laptop wasn't powering on before but works without the battery, you may need a new battery. Another method may fix the problem, or your battery may be dead and require replacement.

How do I replace my laptop battery?

Replace Battery. Step 1. Check Power Supply and re-install the Battery module. Before troubleshooting further, it's important to make sure you're using the correct AC charger for your laptop and that the battery pack is properly seated.
